### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Gamberdell, Jr. on 5/22/07 and 6/4/07.

The application has been amended as follows: Rewrite claim 49 as follows,

49. (Amended) An apparatus comprising:

a positioning module ~~configured to~~ including

detection means to detect which of a plurality of reference points stored in a data base of a positioning system is located in a vicinity of the apparatus;

receiving means to receive position data of more than one reference points of the plurality of reference points located in the vicinity of the apparatus;

calculating means to calculate a geometric midpoint of the more than one reference points using the received position data of the more than reference points located in the vicinity of the apparatus, wherein the geometric midpoint is used as a default position of the apparatus; and

estimating means to estimate a pseudorange between the wireless communication device and a satellite of a positioning system using the default position of the apparatus.

2. The amendment provides definite structure performing the intended functions of the apparatus claim.

3. The cited art made of record and not relied upon is considered pertinent to applicant's disclosure. Riley (6,865,395), based on a Provisional Application filed Aug. 8, 2002, teaches the estimation of a .
